

ADARSH KUMAR

Aspiring Software Engineer

Phone: +917667836196 | Email: adarshkumarkas@gmail.com | [LinkedIn](#) | [LeetCode](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

B.Tech CSE graduate (MAKAUT, 2026) with hands-on experience building full-stack web applications using the MERN stack, Next.js, and TypeScript. Solved 500+ DSA problems across LeetCode and GeeksforGeeks. Proficient in Java, JavaScript, and Python, with a strong foundation in Data Structures and Algorithms. Passionate about building scalable, production-ready software.

PROJECTS

1. CodeQuest

E-Learning Coding Platform | [Live Link](#) | [GitHub](#) April 2026

- Built a gamified e-learning platform for learning web development through interactive coding challenges and real-time feedback.
- Developed a responsive UI with Next.js, React, and Tailwind CSS, including a pixel-style game interface.
- Integrated the CodeMirror editor to enable users to solve coding exercises directly within the browser.
- Designed a scalable backend using Neon Postgres and Drizzle ORM, with course management and user progress tracking.
- Integrated Clerk authentication, plan-based access control, and a leaderboard system for gamification.
- Optimized performance and deployed a production-ready full-stack application.

2. Tuition Sathi

Coaching Management System | [Live Link](#) | [GitHub](#) Aug 2026

- Built a multi-tenant SaaS platform using Next.js and TypeScript to manage students, attendance, fees, and test marks for coaching centers.
- Implemented Row Level Security (RLS) in Supabase (PostgreSQL) for complete data isolation across coaching accounts.
- Designed automated fee-tracking with partial dues, advance payments, and class-wise attendance reports using Tailwind CSS for UI.
- Deployed on Vercel with Supabase Storage for file uploads and profile customization.

3. RazorPay Clone

Payment Gateway Website | [Live Link](#) | [GitHub](#) June 2025

- Developed a responsive Razorpay clone UI using Tailwind CSS, focusing on clean and modern design.
- Built a fully mobile-responsive interface, ensuring seamless experience across devices.
- Designed reusable components for a scalable and maintainable frontend structure.
- Replicated key payment flow UI components to simulate a real-world payment gateway experience.

LANGUAGE

HINDI - Fluent

ENGLISH - Fluent

EDUCATION

B.Tech CSE (CGPA - 7.23)

Budge Budge Institute of Technology

July 2022 - Jun 2026 Kolkata, West Bengal

Higher Secondary (Percentage - 79.60)

R.K.Dwarika College

Apr 2019 - Mar 2021 Patna, Bihar

KEY SKILLS

Programming Languages :

JAVA JAVASCRIPT PYTHON C

Web Technologies :

HTML CSS Tailwind CSS React.js

Bootstrap PHP Express.js MongoDB

Node.js TypeScript Next.js MySQL

Development Tools:

Git GitHub Docker Kubernetes

VS Code IntelliJ REST API Vercel

CERTIFICATIONS

Web Development Course Bootcamp

Udemy, Hitesh Choudhary

Data Structures & Algorithms

Apna College, TUF

Machine Learning Training

Indian Institute Of Internship, Kolkata

ACHIEVEMENT

Leetcode :

Solved 200+ DSA Problems

Geeksforgeeks :

Solved 350+ DSA Problems
